WISCONSIN FAMILY AND MEDICAL LEAVE ACT

Section 103.10, Wisconsin Statutes, requires that all employers with 50 or more employees display a copy of this poster in the workplace. Employers with 25 or more employees are required to post their particular leave policy.

Under state law all employers with 50 or more permanent employees must allow employees of either sex:

- ▶ Up to six (6) weeks leave in a calendar year for the birth or adoption of the employee's child, providing the leave begins within sixteen (16) weeks of the birth or placement of that child.
- ▶ Up to two (2) weeks of leave in a calendar year for the care of a child, spouse, domestic partner, as defined in § 40.02(21c) or 770.01(1) or parent or a parent of a domestic partner with a serious health condition.
- ▶ Up to two (2) weeks leave in a calendar year for the employee's own serious health condition.

This law only applies to an employee who has worked for the employer more than 52 consecutive weeks and for at least 1000 hours during that 52-week period. The law also requires that employees be allowed to substitute paid or unpaid leave provided by the employer for Wisconsin Family and Medical Leave. Employers may have leave policies, which are more generous than leaves required by the law.

A complaint concerning a denial of rights under this law must be filed within 30 days after the violation occurs or the employee should have reasonably known that the violation occurred, whichever is later.

Employee Rights under Wisconsin's Business Closing/Mass Layoff Notification Law

Under Wisconsin law, employees have certain rights and employers have certain obligations to give proper notice to their employees and others before taking certain actions.

What is a "business closing" or "mass layoff?"

"business closing" requires notice if there is a permanent or temporary shutdown of an employment site or of one or more facilities or operating units at an employment site or within a single municipality that affects 25 or more employees (not including "new" or "low-hour" employees).

"mass layoff" requires notice if there is a reduction in the workforce that is not a "business closing" and which affects the following number of employees (excluding new or low hour employees) at an employment site or within a single municipality:

1. **At least 25% of the employer's workforce or 25 employees, whichever is greater or**
2. **At least 500 employees.**

Employees are counted if their employment is terminated (not including discharges for cause, voluntary departures or retirements), if they are laid off for more than 6 months, or if their hours are reduced more than 50 percent during each month of any 6-month period, as the result of a business closing or mass layoff. New or low-hour employees - who have been employed for fewer than 6 of the 12 months preceding the date on which a notice is required or who average fewer than 20 hours of work per week - are **not** counted.

Who must provide notice and when?

With certain exceptions, businesses employing 50 or more persons in the State of Wisconsin must provide written notice 60 days before implementing "business closing" or "mass layoff" in this state. The federal or state government (and their political subdivisions), charitable, or tax exempt institutions and organizations and independent contractors are not covered under this law and do not have to provide notice. Additional exceptions exist in various situations involving strikes or lockouts, sales, relocations, temporary or seasonal employment, unforeseeable circumstances, natural or man-made disasters, temporary cessation in operations, or businesses in financial trouble.

What employees are entitled to receive notice?

Employees are entitled to receive notice if they are counted as part of "business closing" or "mass layoff." New or low-hour employees may also be entitled to receive notice in situations where there is a "business closing" or "mass layoff."

What can employees recover if notice is required and not given?

If an employer implements a "business closing" or "mass layoff" without providing required notice, an affected employee may recover back pay and benefits for each day that required notice was not provided (up to a maximum of 60 days). An affected employee may also recover attorney fees and costs in a lawsuit.
